

# THE STORY BEGINS HERE.

In **1958**, a team from Nissan entered two Datsun 210's (named **Fuji-go** and **Sakura-go**) into the **Around-Australia Mobilgas Trial**: a 19-day, 10,000 mile endurance rally spanning the entire continent. In the face of harsh conditions which caused the retirement of nearly half the entrants, the 210s both finished the rally, winning their class, and sparking the Works flame. From these humble beginnings, **Nissan Motorsports** was born.

## 25 YEARS OF RALLYING

**This** exhibit is a celebration of the subsequent 25 years of Nissan Works Rallying development, from 1960 to 1985, showcasing the most successful models. In addition, it highlights the **240Z Works Rally**, an authentic example of which is on display outside.

**This Wall** Provides a comprehensive look at the **240Z Works Rally**, and its design

**Back Wall** Showcases Nissan's **Works Rally Legends**, and where the 240Z fits in on the development timeline

**Far Wall** Displays videos of **Nissan Works Rallying** throughout the years.
